DANSKE HANDICAPORGANISATIONER

Kriterier for forpligtelser:

- CRPD-ALIGNED: Handicapkonventionen og andre FN konventioner skal være centrale, og forpligtelserne skal være fuldt i tråd standarder og ambitioner heri.
- OPD-INCLUSIVE: skal involveres i udvikling af forpligtelserne, implementeringen og monitoreringen – særlig opfordring til, at stats- og FN-aktører fra det globale Syd og Nord indgiver forpligtelser indenfor udviklingssamarbejde!
- ADDED VALUE: Fx innovative promoveringer af Handicapkonventionen eller opskalering af succesfulde tiltag. Det skal være nye forpligtelser, og ikke det man i forvejen gør.
- MEASURABLE and QUANTIFIABLE: Så de kan monitoreres og rapporteres på
- ADDRESSING GAPS: Skal adressere konkrete huller i implementeringen af Handicapkonventionen på lokalt, national eller regionalt niveau. (kunne være fra CRPD concluding observations).

Forpligtelsesmekanismen lanceres i New York under COSP i juni i år, hvor der er mulighed for at engagere stater og andre i dagsorden.
